

USE OF SCHOOL FACILITIES AND GROUNDS

830-RULE

The Board of Education recognizes the right of public groups and individuals, as taxpayers, to use school facilities for educational and recreational activities. It is the general policy to make the school buildings within the School District of Frederic available to church, civic organizations, and individuals for meetings/activities whenever such meetings do not conflict with Chapters 120.12 and 120.13 of the Wisconsin Statutes.

The Board recognizes that school buildings serve as a civic center of the School District of Frederic. Regular school day activities and school-associated activities outside the school day will have priority over other activities and/or meetings.

No activity permitted under this policy will place undue wear on the facility, will involve the use of tobacco products, will allow the use of alcohol or will involve activities that are inappropriate for the age group that the activity is intended for. Weapons concealed or otherwise are not allowed.
