

STUDENT LOCKER SEARCHES

Lockers will be assigned to students when they are available. The privilege of using a locker is extended on the basis that it will be kept clean and in good condition. A student locker is provided by the school for the convenience of the student, to be used solely and exclusively for the storage of outer garments, footwear, and school-related materials, and no student shall use the locker for any other purpose. The student shall be financially responsible for any damage to the locker.

School lockers are the property of the School District. At no time does the District relinquish its exclusive control of lockers provided for the convenience of students. Periodic general inspections of lockers may be conducted by school authorities for any reason, at any time, without notice, without student consent, and without a search warrant. Locker searches may be conducted by the district administrator, building principal, or individuals designated by the building principal. Any unauthorized item found in the locker may be removed. Students shall receive annual notification of this policy.
